MINUTES

Recreation Committee meeting October 1, 2012

Open meeting at 7:05pm

Present: Bill Tapley, Tim Carville, Marcey Crosskill, Stephanie Doughty, Dan Leeman, Cherie Garnett, Mark Stevens

Old Business;

Mark gave a recap of the summer programs. Rec dept. had a great summer, strong numbers participating. Well trained staff with medical training and online testing in areas of bullying etc. for the summer camps. The highlight was a summer camp talent show with Playground and Trekker kids doing songs and dance routines. Trekker staff did a Grease number that was well received. The newly purchased sound system was used on the Pavilion for the show.

The Moxie Car Show raised over \$5000 for the Seniors Program toward the purchase of a van. The show was very well attended by cars and spectators alike. The other new program for the summer was Family Movie Nights in the park. There were three movies shown and the last one, The Lorax was attended by 230 people. A huge success. The department was asked about doing more movies in the winter too. It was discussed about showing them in the cafetorium at LCS or outside in other areas of town. Mark is open to that as the opportunity arises.

Cherie did a presentation of the online registration software, Rec1. The tutorial showed reporting, registration and programming.

New Business;

Bill asked if next year's older soccer group could consider traveling to other teams in the area. Some would like to see more competition and training of rules. Mark will be setting up a meeting with the school, LJAL and the town to discuss field maintenance and will call those to be involved mid October.

Adjourned at 8:30.
