

General thinking is that we know that the town needs to go forward and that this committee can be a key in getting it done.

It also is important that the committee has official standing and is more formal in both structure and function, with measureable goals.

It is also important that the committee expand to include other members of the committee.

There are many new possibilities going forward with the Facade grants and downtown TIF as well as other potentials for implementing the RT196 Master Plan.
