Lisbon, ME 04250

Subject: Frazier Bridge #3954  
Bridge Culvert Replacement Project  
WIN: 023118.00  
Town of Lisbon

To Diane Barnes, Town Manager:

The Maine Department of Transportation is currently working on the final design of a bridge culvert replacement project of Frazier Bridge #3954, WIN: 023118.00 in the Town of Lisbon. Advertisement of the subject project for competitive bids is scheduled for December 2021. Construction of this project is anticipated to be completed during the 2022 Construction season.

The project is further described as follows:

Bridge culvert replacement project for Frazier Bridge #3954 which carries Route 125 (Main St.) over Dearing Brook in the Town of Lisbon.

The work will be done using a road closure, detouring traffic onto surrounding roadways during construction. The detour route will consist of the following: Route 125 (Main St.), School St., Route 9/196 (Lisbon St.), Route 9 (Ridge Rd.), and Gould Rd. This road closure will be coordinated with the Town to avoid impacts to school bus routes.

**We hereby request that you provide a copy of this notice to all municipal officials, employees and boards with responsibilities for utility and/or land-use planning/permitting, and that you post this letter on any municipal public bulletin boards, media outlets and/or municipal websites as a public meeting will not be held regarding this project unless specifically requested by the municipality.**

Should you have any questions, concerns or other areas of interest, we would appreciate your comments and input. My contact information can be found below.

Sincerely,

Devan Eaton, P.E.
