Guide to the FY25 Budget Report

About the Town of Lisbon

The Town of Lisbon is the third largest community in Androscoggin County and is centrally located where State Route 196 passes through the entire length of Lisbon connecting Lisbon to the Lewiston/Auburn area. Based on the Census data from April 1, 2020, the Town of Lisbon has a population of 9,711 residents. The Town of Lisbon's overall economic outlook continues to improve; the vision of the Route 196 and Downtown Master Plans continue to make great strides.

Budget Guide

The Town of Lisbon budget report provides information to the public about Town government. This document highlights the Town's charter and specific policy statements to further assist in determining the allocation of municipal resources.

This document will outline the following:

- Budget Summary and Overview
- Expenditure Detail
- Revenue Detail
- School Budget

*Please see separate document for Capital Improvement Plan

The Budget Summary and Overview section will provide general information about the budget and budget process as well as the letter from the Town Manager to the Town Council.

The Expenditure Detail will break down all expenditures related to payroll, benefits, repair & maintenance, general operations, etc. by each department of the Town of Lisbon. The expenditure detail will further include actual expenditures Year to Date for FY24 and proposed expenditures for FY25 from the initial ask to the proposed managerial budget.

The Revenue Detail will provide information on the Town's various revenue accounts. This will include actual revenue year to date for FY24 and proposed revenues for FY25.

The Capital Improvement Plan will provide information for both the five year and ten year capital improvement plans by each major department. It will provide amounts in total by department and then will give a narrative for major purchases proposed for FY25.

The School Budget will provide information from the Superintendent of Lisbon School Department for the upcoming fiscal year related to revenues, expenditures and capital improvements for the three schools in Lisbon.

General Information

The Town accounts are organized by Fund and each fund is composed of assets, liabilities, fund equity, revenues and expenditures. A fund is a grouping of related accounts, used to maintain control over resources for specifically intended activities or objectives. Each fund is then organized by department which is reflected in the Organization Code in the Munis software system. Each Organization Code is paired with an Object Code which reflects the full account description. This budget is going to predominantly detail the operations of the Town's General Government Fund and Sewer Fund. The Town of Lisbon adopts an annual budget for its General Government Fund and Education Fund.

Charter

Article VI Section 6.02 details the Submission of the Municipal Budget. Per the Charter, the Town Manager and the School Committee shall submit budget line items for the ensuing fiscal year on or before the third Tuesday of March each year. The budget messages accompanying the budget reports shall explain the respective budgets both in fiscal terms and in terms of programs. Furthermore, they shall outline the proposed financial policies for the Town and School Department, respectively for the ensuing fiscal year; in addition, it shall describe the important features of the respective budgets, indicate any major changes from the current year with respect to financial policies, expenditures, revenues, summarize the debt position of the Town and School Departments respectively and any other information that the Town Manager and School Committee deems pertinent.

Article VI Section 6.03 states that the budgets, excluding that of the Water Department, shall, respectively, provide financial plans for the Town and School Department funds and activities for the ensuing fiscal year. In organizing the budgets, the Town Manager and School Committee shall use the most feasible combination of expenditure classification by fund, organizational unit, program and purpose. It shall begin with a clear general summary of its contents; shall show in detail all estimated income, shall indicate the proposed property tax levy and shall set forth all proposed expenditures, including debt service, for the ensuing fiscal year. It shall further be arranged to reflect comparative figures for actual and estimated income and expenditures for the current fiscal year and actual income and expenditures for the preceding fiscal year.

Per Article VI, Section 6.04 the Council Action on the Budget is as follows:

- (a) Notice and Hearing. The Town Council shall publish in one or more newspapers having general circulation in the Town a general summary of the budgets and a notice stating:
 - a. The times and places where copies of the budget messages and the budgets will be available to the public, and
 - b. The time and place (not less than two weeks after the first such publication) of a public hearing on the proposed budgets.
- (b) Budget Deliberations. The Town Council shall review the proposed budgets at budget sessions which may be informal but which shall be open to the public. The Council shall complete its review of the budgets no later than the last Tuesday in June.
- (c) Amendments before Adoption. After the public hearing, the Town Council may adopt the Manager's budget with or without amendment. It may, by amendment, add or increase programs or amounts and delete or decrease programs or amounts. Except expenditures for debt service or otherwise required by law. The Council may adopt the School budget as proposed and may amend it, but such amendments shall be limited to adding to or decreasing the total amount of the budget.
- (d) Adoption.
 - a. Town Budget. The final vote on the Town Budget shall be taken on or before the last Tuesday of June. If Council fails to adopt a budget for the Town by the last Tuesday in June, the Budget

as presented by the Town Manager shall become the Budget to be implemented on a month to month basis until such time as a final Budget is approved.

- b. School Budget. Until such time as the Town of Lisbon becomes certified as a member of a Regional School Unit by the Commissioner of the Maine Department of Education, the Town Council shall act as the Board of the Regional School Unit, approving the Budget with or without amendment, and providing for Referendum vote on the Budget in accordance with the procedures and time frames provided in LD499 as amended.
- c. Post Adoption Amendments in School Budget. Within 30 days after the Budget for the School Department becomes final, the School Committee shall adopt such amendments in the school budget as may be necessary to absorb any decrease or expend any increase in the total amount of the budget which was approved by the Town Council. The Superintendent of Schools shall forward to the Town Council a copy of the final revised budget. Thereafter the School Department budget shall not be amended except in accordance with the provisions of the Charter.

(C.O. of 9-16-2008, § 2008-152F, Ref. of 11-4-2008)

Subject: Fiscal Year 2025 Municipal Budget Introduction

Dear Council Members,

As we transition into Fiscal Year 2025, I am privileged to present the proposed budgets for the General Fund, Capital Fund, Sewer Fund, and Special Revenue/Reserve Fund. Reflecting on the past year, our collective efforts were centered around mitigating the impact of escalating inflation and addressing wage disparities. Through these challenges, we've emerged more resilient, thanks to our adaptive management strategies and unwavering commitment to fiscal responsibility.

For FY25, our objective is to not only maintain but elevate the caliber of services provided to our community. The Town's Comprehensive Plan emphasizes enhancing our workforce to meet the growing demands of our community and strategically reinstating staffing levels in areas that saw reductions due to the 2008 financial crisis. Despite economic recovery and increased demand for town services, staffing levels established during the Great Recession are not at the levels they were 16 years ago.

We're also evaluating the long running revenue and expense imbalance at our Transfer Station. The finance committee is exploring avenues to reduce expenses and work toward becoming cost neutral. Among the considerations are increasing commercial user fees, projected to alleviate an additional \$60,000 annually in disposal costs. However, we are also faced with the tough decision of potentially ceasing our plastics recycling program. Given the disproportionate costs associated with plastic recycling versus solid waste disposal, coupled with market conditions that question the feasibility of actual recycling, a reevaluation towards more cost-effective disposal methods is among those considerations.

We are also proposing restoring and adding the Domestic Violence/Juvenile Detective position along with a police supervisor role, reinforcing our dedication to community safety and wellbeing. This addition will not only strengthen our capacity to address specific challenges but also underscore our department's commitment to proactive and community-oriented policing.

In collaboration with the Council, we are working on a reorganization of the code office. This initiative aims to put in place full-time planning support within the office through the establishment of a full-time planner position and provide the responsiveness the community needs. I extend my gratitude to the Council for their support, and to our department heads and staff for their dedication. Together, we are forging a stronger, more resilient Lisbon, poised for sustainable growth in the years to come.

Thank you.

Sincerely,

Glenn Michalowski
Town Manager

Budget Process

The Budget process starts at the end of December each year. The Finance Director provides each department head with a spreadsheet of their year-to-date actuals in comparison to the current year's budget. A separate spreadsheet is given for each department head to provide their upcoming budget requests, all whilst taking into consideration what their current budget numbers are displaying. After individual meetings with each Department Head with senior management, a Managerial Budget is derived.

That is then presented and reviewed by the Finance Committee and Town Council. Over the course of the next few months, the budget is shaped into the document ultimately approved by Town Council.

Below is the specific budget dates from the Town Clerk with relevant Town Code:

Council Regular Meeting	Town Manager Presents Municipal Budget Sec. 6.02...On or before the third Tuesday of March each year, the Town Manager and the School Committee shall submit to the Town Council line item budgets for the ensuing fiscal year. The budget messages accompanying the budgets shall explain the respective budgets both in fiscal terms and in terms of programs. They shall outline the proposed financial policies for the Town and the School Department respectively for the ensuing fiscal year, describe the important features of the respective budgets, indicate any major changes from the current year with respect to financial policies, expenditures, and revenues, and the reasons for the same, summarize the debt position of the Town and School Department respectively, and include such other information as the Town Manager and the School Committee believe to be desirable. Sec 3.02...e) The Manager shall prepare and submit the annual budget, the annual capital program and annual financial and administrative reports to the Council ...	Tuesday March 19, 2024	7:00 PM

Grand Total	\$23,100,013.16

FY25 General Fund Budget Detail – Staffing and Payscale

The Town the past few years has been working to ensure its pay scale is fair and equitable to ensure we recruit and retain the staff needed to provide services to taxpayers. This budget incorporates the end of wage adjustments, and fully puts all staff on a merit based payscale. This payscale is designed and intended to update each year based on changes to Maine minimum wage. That projected increase for FY25 is 2.5%.

Town of Lisbon Non-Union Base Pay Scale Proposed for FY25									
	Steps								
Grade	1	2	3	4	5	6	7	8	9
A	\$ 14.50	\$ 15.23	\$ 15.99	\$ 16.79	\$ 17.63	\$ 18.51	\$ 19.44	\$ 20.41	\$ 21.43

N	\$ 54.47	\$ 57.19	\$ 60.05	\$ 63.06	\$ 66.21	\$ 69.52	\$ 73.00	\$ 76.64	\$ 80.48

- State minimum wage effective 1/1/24 is \$14.15; estimated it will go up 2.5% effective 1/1/25 to \$14.64 based on last 12 months of CPI-W Northeast Region
- All grades and steps would be increased by COLA each year equivalent to state of Maine minimum wage increase
- Each step (1-9) is merit-based only (see attached guide) and increases 5% per step
- Each grade (A-N) is based on job responsibility and MMA annual salary survey
- Each grade increases by 10%
- Must ensure that all positions are listed on grade schedule
- Positions may move up or down within grade schedule, however no employee will lose pay. This is a an opportunity to reassess and ensure responsibilities meet the correct grade/responsibilities/pay
- Stipends not included
- New hires come in at step 1 of their positions grade. Step 2 in rare circumstances when meeting all requirements and with town management approval
- Existing employees will be slotted in based on grade and at the next highest step than current pay
- Strong commitment to pay policy and adherence to establishing start pay and wage increases per table critical
- This scale above has a 2.5% cola added effective 7/1/2024-6/30/2025

	Firefighter EMT (FT)*	*\$0.87 increase in hourly wage upon completion of AMT certification ** A union seargent position promotied to Lieutenant would start at Grade L at the next highest step from their current wage of the Town's non-union payscale.				

As the Town continues to bring staffing to adequate levels to meet service needs, included in the above salary information are the following new positions that will enhance the services provided to the Town of Lisbon as we continue to grow:

- (2) Full Time Firefighters
- Public Works Laborer
- Domestic Violence Detective
- Weekend Patrol Sergeant

FY25 Budget General Fund Budget Detail – External Service Cost Increases

External service providers have requested various rate increases from FY24. These include:

- Androscoggin County - \$75,533.00
- Lisbon Emergency Medical Services - \$192,364.31
- Lisbon School Department - \$689,313.00

FY25 General Fund Budget Detail – Unassigned Fund Balance

This budget currently does not offset any General Fund contributions to the Capital Fund through use of unassigned fund balance, as that amount available (if any) for FY25 is still being determined. More information on its use can be found in the Town Capital Improvement Plan.

FY25 General Fund Budget Detail – Revenue Calculations and Analysis

FY25 Budgeted Revenues are based on historical data from the past 3 years and projections of where the Town will land at June 30, 2024. State shared revenue, motor vehicle collections, and interest income show strong growth for fy25, helping offset the need for real estate and personal property taxes.

Revenue Sharing:

Per [Title 30-A, Subpart 9, Chapter 223, Subchapter 2, Section 5681](#), revenue sharing is distributed by the 20th of each month to each municipality based on a formula whose variables include municipal populations, state valuations and tax assessments. The monthly revenue sharing pool is funded by setting aside a percentage of the State Government's sales, service provider, personal and corporate income tax receipts for the month.

Account Description	2025 Manager Budge	2024 Budgeted	2023 Actuals	2022 Actuals
State revenue sharing	(\$2,485,702.37)	(\$2,220,323.00)	(\$2,428,874.11)	(\$2,089,791.77)

In the last few years, as both inflation and business profits have increased, the amount of corporate, sales, and income available to tax have also increased, which are the key components of state shared revenue.

Motor Vehicle Excise Tax

Excise tax is an annual tax that must be paid prior to registering your vehicle. Except for a few statutory exemptions, all vehicles registered in the State of Maine are subject to the excise tax. Excise tax is defined by Maine law as a tax levied annually for the privilege of operating a motor vehicle or camper trailer on the public ways. The amount of tax is determined by two things:

1. The age of the vehicle
2. Manufacturer's suggested retail price ("MSRP")

Excise tax is calculated by multiplying the MSRP by the mill rate as shown below. The rates drop back on January 1st of each year.

YEAR 1 .0240 mill rate

YEAR 2 .0175 mill rate

YEAR 3 .0135 mill rate

YEAR 4 .0100 mill rate

YEAR 5 .0065 mill rate

YEAR 6 .0040 mill rate

For example, the owner of a three year old motor vehicle with an MSRP of \$19,500 would pay \$263.25.

As the cost of vehicles continue to rise, the Town has also brought in more excise tax revenue:

Account Description	2025 Manager Budge	2024 Budgeted	2023 Actuals	2022 Actuals
Motor vehicle excise taxes	(\$1,900,000.00)	(\$1,600,000.00)	(\$1,840,742.32)	(\$1,824,664.27)

Interest Income

During the rise in the interest rates the past couple of years, Town deposits and investments did not keep pace. Accordingly, Town officials in the summer of 2023 negotiated new rates on existing deposits and opened new accounts to obtain a higher rate of return for the Town.

Account Description	2025 Manager Budget	2024 Budgeted	2023 Actuals	2022 Actuals
Investment earnings	(\$175,000.00)	(\$100,000.00)	(\$162,407.05)	(\$31,523.36)

Below is the Town's FY24Q2 Investment Statement:

Institution	Investment Type	Current Value	Current Yield	Maturity
Northeast Bank	Money Market Account	\$2,063,411.79	5.10%	n/a
Portland Trust	CcMutual Fund	\$1,323,032.44*	5.29%	n/a
Portland Trust	CcMutual Fund	\$1,129,323.48**	5.29%	n/a
Lisbon Community Federal Credit Union	Savings Account	\$5,962.71*	0.20%	n/a
Lisbon Community Federal Credit Union	Certificate of Deposit	\$21,573.34*	2.75%	7/15/24

FY25 General Fund Budget Detail - Mil Rate:

One mil equals one one-thousandth (1/1000th). It is one half of the property tax bill, the other half being a property's assessed value. Due to both changes in the tax revenue needs of the Town and changes to assessed property values, the mil rate has changed accordingly.

Based on FY24 assessed property values and this current budget, it is estimated that Council would need to increase the mil rate by 1.25 to provide the tax revenue needed. This is expected to be in accordance with Maine LD1, which establishes the Municipal Property Tax Levy Limit.

FY25 Budget Detail – Debt Service:

Town Code requires a public referendum for any debt in excess of \$250,000 in principal. No new debt is proposed for FY25 (a fire truck loan approved via referendum in November 2022 is expected to be pursued during FY25).

The chart below shows the Town's existing debt, and expected new debt.

All of the Town's committed debt is financed through the Maine Municipal Bond Bank. Created in 1973 by the Maine State Legislature, the General Bond Resolution Program and the Maine Municipal Bond Bank have a fifty year history of providing Maine's communities access to low-cost funds through the sale of its highly rated tax-exempt bonds. Capital financing through the General Bond Resolution Program allows borrowers to take advantage of the Bond Bank's high investment grade rating, low-interest rates, and reduced issuance and post-issuance costs.

Please see the Town's Capital Improvement Plan for more information about Town Debt.

Departmental Narratives:

Town Manager

Department Overview

The Town Manager acts as the principal executive officer of the Town, steering the administrative branch and ensuring the effective execution of all town affairs under the governance of the Town Council. This role encompasses the oversight of key administrative positions, including but not limited to the Town Clerk, Police Chief, Fire Chief, Public Works Director, and Finance Director, among others. These critical appointments are made with the Council's approval, reinforcing a governance structure that emphasizes collaborative oversight and accountability.

Mission

The core mission of the Town Manager is to enforce all laws, charter provisions, and Council actions within the town's jurisdiction. This responsibility includes the direct management of all town departments, offices, and agencies, which the Council may establish, ensuring that the town's operations are efficient, effective, and aligned with the Town Charter. As the chief administrative officer to the Council, the Town Manager is tasked with reporting on town affairs, representing the Council's interests, and advising on strategic decisions to promote the town's well-being.

Staffing

The Town Manager's Office comprises the Town Manager, Assistant Town Manager, and Human Resource Director. These positions are pivotal in managing human resources, central purchasing, bid processing, insurance, and payroll for general government operations. The team's expertise and dedication are instrumental in streamlining administrative procedures and enhancing the town's operational efficiency.

Goals and Achievements

Our overarching goal remains to fortify the town's institutional knowledge base, thereby ensuring the continuity of operations. This goal is pursued through diligent oversight of the town's technology and building budgets, addressing immediate IT requirements, and planning for future infrastructure needs. A significant achievement in the past year was the strategic decision not to refill the vacated Executive Assistant position. Instead, we opted to invest in operational efficiencies and emergency technology enhancements. By leveraging automation, we have successfully reduced the administrative workload, historically managed by the Executive Assistant, thereby reallocating resources towards more critical operational needs.

Moving Forward

As we progress into the fiscal year 2025, our focus will remain on enhancing operational efficiency, technological advancement, and sustainable growth. We are committed to building on our achievements, exploring innovative solutions, and continuing to serve the Town with integrity and dedication. Our budget reflects these priorities, ensuring that we are well-equipped to meet the challenges ahead and seize opportunities for the betterment of our community.

Appeals Board

The Zoning Board of Appeals is a citizen's board made of up to 7 members. A chair, vice chair, and secretary are required to be elected by the board. The minimum quorum by ordinance is 4.

The duties of the ZBA are to hear administrative appeals based on the dimensional or disability variance requests. In addition, they are the board to hear appeals from decisions made by the Code Enforcement Officer or the Planning Board. They meet on an as needed basis.

Planning Board

The Planning Board is a citizen's board made up of 7 members, a chairman, vice chairman, 3 members and 2 associate members. The board is responsible for the maintenance of the Comprehensive Plan, the review and modification of the zoning ordinance. Finally they review and approve all subdivisions and conditional use permit applications.

The board meets on each 2nd and 4th Thursday of the month.

Clerk

FY 25 is a busy one for the Town Clerk's office. Our new Deputy Town Clerk will be trained in-house, as well as receiving additional trainings across the year. The Deputy Clerk assumes the role of the Town Clerk in the absence of the Town Clerk. The Town Clerk will continue with trainings as well, becoming eligible for final testing and certification in early 2025.

Staffing will also include approximately 25 Election Clerks, vital to the running of the June and November Elections. In June, locally we will have the School Budget Referendum and an election for a School Committee seat. For the State, we will conduct the State Primaries which will include State Representatives and US Congress. We have just finished the Presidential Primaries in March and will have a Presidential Election, Congressional and State elections, and referendums in November. We will expect and prepare for a large turnout in November. The hiring and training of the Elections Clerks is the responsibility of the Town Clerk.

In addition to conducting the State and local elections in accordance with state law and our town charter, the Town Clerk department is responsible for the issuance of local business licenses, including Liquor, Marijuana, and Victualer's (Food), among others. The Town Clerk serves as the liaison between the businesses and the town, ensuring that permits and licenses are provided in accordance with our charter and ordinances while maintaining a business-friendly atmosphere.

The Town Clerk obtains and maintains all birth, death and marriage records for the town (vital records), and attests and reports on these vital statistics as required by law. The office provides certified copies for residents, and also provides notary and marriage officiant services. In addition, the Town Clerk maintains the Boards and Committees database and administers oaths for elected and appointed officials, and maintains the Freedom of Access to Information records, serving as the Town's FOIA Officer.

As the Secretary to the Council, the Town Clerk (or a designee) takes and produces meeting minutes for the Council, Assessment Review Board, Appeals Board and Planning Board. The Town Clerk manages and prepares the Agenda and Agenda Packet for Council Meetings at the direction of the Town Manager and the Town Council. The Town Clerk maintains and supervises the storage of all public documents and historical documents, and produces the town's Annual Report per Maine statutes.

The Town Clerk is the custodian of the town seal, and seals and attests all contracts and bond documents of the town, along with other documents that require attestation. The Town Clerk keeps all records of the Charter and Ordinances of the town.

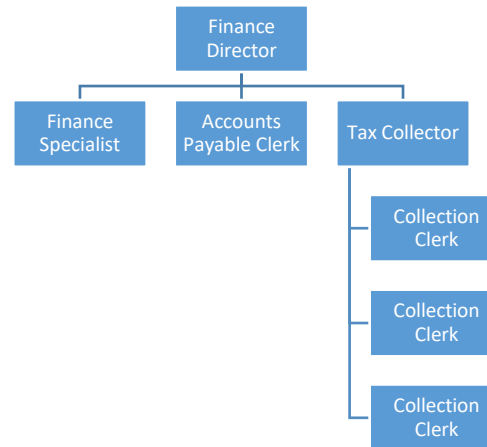

All dogs licensed in Lisbon are licensed through the Town Clerk's office, and the records are reported to the state.

The mission of the Town Clerk is to efficiently and accurately maintain all town records, to conduct state and local elections in accordance with state laws and the Lisbon Charter, to issue licenses and vital records and assist with dog licenses. The Town Clerk works collaboratively with the other town departments on the projects and reports requested by the Town Manager and the Town Council.

Finance & Tax

The Finance Department provides financial and operational support to the Town Manager, Council, and all other departments. Services provided include accounting, budgeting, long-range financial planning, cash management, debt issuance and post issuance management, audit coordination, and revenue collection. The Department also provides management support through analysis and reporting on the Town's general government fiscal transactions and monitors Lisbon's compliance to policies, regulations, procedures, and state and federal statutes. The Department is also responsible for compiling the Consolidated Annual Financial Report (CAFR).

The revenue collection duties of the department include the receipt of deposits from all town departments, including but not limited to motor vehicle excise tax, clerk fees, parks and recreation activities, transfer station fees, etc. The department also oversees collection and receipt of property taxes, with the Tax Collector issuing current year tax bills and filing liens, which are then enforced and collected by the Finance Director through the foreclosure process.

Here is the FY25 Finance department staffing:

FY24 marked the reinstatement of the Tax Collector as a separate full time position. The department also changed from having a Finance Assistant / Payroll Specialist to a Finance Specialist and outsourced payroll. Money was also budgeted and spent to replace the tax collection front window, upgrade accounting software, replace an outdated printer, and to test upgraded payment systems.

FY25 calls for continued work to move all payment systems to the updated accounting program as well as to explore options for enhanced payment options for residents. The FY25 Budget is largely flat compared to FY24, and no major financial requests have been made for the FY25 Budget overall.

Assessing/GA

For fiscal year 2025 the Assessing and General Assistance Departments will be managed and run by one Department Head.

We have combined the General Assistance Department with the Assessing Department. These departments will be managed by the Assessor and supported by an assistant.

Assessor:

The Municipal Assessor is an administrative officer, chosen by the municipality, but under the general supervision and control of the State Tax Assessor in the performance of their duties. Assessors value taxable property according to just value and assess each tax payer equally and fairly.

The Assessing Department has changed over the past few years and continues to grow as the town progresses. We went from a full time Assessor to a contracted Assessor with a full time assistant and now back to a full time Assessor. Moving forward, I would like the Assessing Department to communicate more with business owners. Having an open line of communication for the BETE/BETR programs and new or closed businesses will help benefit the town and businesses. With a part time Assessing Agent we can concentrate on educating the residents and businesses about property assessments and relief programs like exemptions.

The Assessing Department tries to have an open door policy for residents or business owners to ask questions and understand their assessments.

General Assistance:

The mission of the General Assistance Department is to administer a program to reduce the impact of poverty of people living in Lisbon by providing support services. The program must be administered in accordance with the locally enacted ordinance along with the State Statute 22 M.R.S.A. Title 22, §4301.

The vision going forward for the General Assistance Program is to have a consistent department and staff management of the program. The program has been tossed around to several different departments and employees and we want to streamline it. Going forward, the staff envisions more training and resource connections. Community involvement with local churches, food pantries, local hotels, and homeless shelters will be key. We want to have a relationship with several organizations that can help us with information and resources to help our residents. Having consistent faces and resources will help the program run smoother.

Code Enforcement

The offices of Code Enforcement are the first stop for anyone who wants to do anything related to the property that they own or rent. From installing sheds and pools to the construction of expansive commercial projects, our offices are normally involved in some way. In addition, the use of property is regulated by the ordinances of the town, and the CEO is the enforcement mechanism for attempting to gain compliance from those property owners who stray beyond the permitted uses of the zoning district.

The code officer is required by the state to be certified in any of the disciplines that they enforce. There are currently 5 building codes, 4 standards, Internal and external plumbing code, land use, Shoreland zoning, flood zone, and legal issues. The certification is accomplished by testing, and there is a requirement for continuing education for each of these topics.

In the last year we have made modifications to the office in an attempt to handle permits digitally. The result has added a code permitting software, development of a public access GIS mapping system, and a video set up on which building plans can be viewed and marked up digitally. This coming year we are looking at completing this by adding permitting capability online and a PC station at the front counter for permit submission and GIS accessibility.

The code office is also provides support to the Planning and Appeals Boards. For the Planning Board, we are responsible for creation of agendas, public and abutter notifications, public notice postings, and the paperwork associated with submissions, processing and completions. During this process and the meetings the code officer is the material expert regarding the ordinance

Police

Department Overview

The Lisbon Police Department is located at 300 Lisbon Street, Lisbon. Officers of the Lisbon Police Department patrol 24 square miles while providing law enforcement services to a population of approximately 10,000 people on a 24-hour basis 7 days a week.

There are two divisions within the Police Department, the Patrol and Criminal Investigations Divisions. Officers in the Patrol Division respond to calls for service requests as well as patrol our entire community; neighborhoods, business districts, and 77 miles of roads to proactively deter criminal activity and violations of law. The Criminal Investigation Division (CID) actively investigates all crimes, and suspicious activity that may lead to a crime, within our community. Our CID also works cooperatively with the Maine Drug Enforcement Agency (MDEA) in efforts to address the continuing infiltration of illegal drugs. The department also provides two School Resource Officers who work between the Lisbon Community School, Sugg Middle School, Lisbon High School, and Gartley Street School campuses. All officers work within the community policing philosophy to keep our community safe and take appropriate enforcement action when violations of law occur.

Mission

The mission of the Lisbon Police Department is to “Provide the highest quality of professional law enforcement services to all persons in our community”. This is done while following our core values of **“Integrity, Respect, and Compassion”**.

Staffing

The Police Department is currently staffed by 17 full-time law enforcement officers that include the Chief, Lieutenant, 2 Patrol Sergeants, 2 Detectives, 2 School Resource Officers, 7 Patrol Officers, and 1 K9 Officer. Last year the department obtained a full-time Maine drug enforcement agent (MDEA) position that is completely paid for by the State of Maine and reimburses all costs for your 17th officer who is assigned to the Maine Drug Enforcement Agency working for Lisbon.

The Lieutenant is responsible for supplementing and directing patrol-related duties while supervising support services personnel (Detectives, Animal Control, School Resource Officers, MDEA agent). The Patrol Sergeants’ are tasked with the supervision of the full-time, and reserve Patrol Officers, as well as various other tasks as required. The School Resource Officers are assigned to the schools during the school year, making them unavailable for regular patrol scheduling. The SRO’s return to the patrol force during school vacations and during the summer school break.

Non-sworn personnel include, 1 full-time Administrative Assistant, 1 part-time (25 hour/week) administrative position, 1 full-time animal control officer, 1 part-time reserve ACO, and a part-time information technology (IT) position. The 25 hour/week administrative assistant’s time is directed toward supporting the full-time position, addressing the unified court and district attorney’s office needs, while also supporting the detective division.

The police department in 2021 handled 12,807 Calls for service, in 2022 the police department handled 14,799 calls for service. This past year in 2023 the police department handled 16,064 calls for service. Over the course of the last few years there has been a steady increase in calls for service. Moving forward increasing proactive enforcement and enhancing community policing are two important areas our department will be focusing on during FY25.

What the Budget provides:

Over **90%** of the police department budget is personnel wages and benefits. The remaining budget is allocated towards operating and office supplies, uniforms, cell and telephone charges, service agreements, gasoline and oil, tires, repairs and maintains all equipment and vehicles.

This year there are two increases to the budget that we believe are instrumental to the department. I am requesting to add a specialized Domestic Violence/Juvenile Detective Position, as well as a weekend daytime Patrol Sergeant position that would also work during voids in the other sergeant schedules.

The Domestic Violence/Juvenile Detective position request is prompted by the pressing need to address the complex and sensitive nature of cases involving domestic violence and juvenile offenses within our community.

The prevalence of domestic violence and juvenile-related incidents in our jurisdiction requires a specialized focus to ensure thorough investigations and support for victims. By establishing a dedicated Domestic Violence/Juvenile Detective position, we aim to enhance our department's ability to respond effectively to these critical cases. This position will also work with family services on investigations to ensure we are providing the most resources we can on these cases. This valuable position is a position that our PD once held, however we lost it after the retirement of that Detective years back.

Domestic violence cases often involve intricate dynamics that demand specialized training and expertise. A designated detective will be better equipped to navigate the complexities of these situations and meet with the District Attorney Victim advocates, SafeVoices regularly as well as other victim advocates ensuring comprehensive investigations and, ultimately, better outcomes for victims.

Additionally, addressing juvenile offenses requires a nuanced approach that considers rehabilitation and prevention. A dedicated detective focusing on juvenile cases will facilitate early intervention strategies, community engagement, and collaboration with relevant agencies to address the root causes of juvenile delinquency.

The addition of this specialized detective position aligns with our commitment to providing a safer environment for all residents. It reflects our dedication to improving the handling of cases involving vulnerable populations, contributing to the overall well-being of our community.

I believe that this addition will not only strengthen our capacity to address specific challenges but also underscore our department's commitment to proactive and community-oriented policing. I appreciate your consideration of this proposal, to bring back the third specialized Detective that we once had here at the Lisbon Police Department.

The request for a third Patrol Sergeant is crucial for addressing the growing demands on our department, particularly during weekend dayshifts and other times when a supervisor is not on duty.

In recent years, our community has experienced a increase in call volume, with over 16,000 calls for service in 2023. With the mental health calls we are responding to, and the noteworthy incidents, such as a homicide within our community, a mass shooting in Lewiston, and the largest manhunt in the state of Maine right here in Lisbon, underscore the escalating challenges faced by your police department.

While the department previously operated with three sergeants in years past, it's essential to recognize the changing landscape and demands in police work. The current call volume and population surpass those of earlier years, necessitating an adjustment in our personnel structure. The addition of a Sergeant position will enhance supervision on the road with our officers and increase our capacity to respond effectively to emergencies and maintain public safety within our community while reducing liability.

Effective leadership and supervision are integral to fulfilling our commitment to ensuring the highest level of safety and professionalism in our community while reducing legal liability. The proposed Sergeant position will provide essential oversight during weekend daytime hours and other shifts where there is no supervisor coverage. This will enable our officers to perform their duties efficiently and uphold the standards of excellence that our community expects.

The most recent Maine Police Employment data states that for a community of our size, we should ideally have 1.93 officers per 1,000 population. Given that Lisbon has just under 10,000 residents, the data indicates that we should have approximately 19 full-time officers for our community. By adding this Sergeant position along with the Detective Position, we aim to bring our police department in line with the recommended ratio of the Maine Police Employment data, as well as providing the necessary resources to our department and our community. This adjustment will not only enhance our ability to respond effectively to incidents but also contribute to the overall safety and well-being of our residents.

Ensuring that our police department is adequately sized is essential for maintaining a proactive and community-oriented approach to policing. This addition will enable us to better address the diverse needs of our community and uphold the standards of safety and professionalism that our residents expect.

The last increase that you will recognize in the proposed budget is the Equipment line item. We have learned that we do not have adequate equipment needed for a serious incidents when the department is called in. In this budget we have requested an increase to the equipment line to fund equipment in order to better prepare our Officers in a lethal deadly force situation.

Fire

The Lisbon Fire Department is an all hazards response agency. It responds to all types of fires, including residential fires, car fires, brush/woods fires, and industrial type fires; rescue type calls such as extrication at car accidents, water rescue, and ice rescue; hazardous condition calls, such as power lines, carbon monoxide calls, gas leaks, and fuel spills; and certain medical emergencies within the Town of Lisbon.

The fire department budget funds the purchase of equipment, vehicles, and maintenance of. The fire service is a reactionary force, which means we need to be proactive in replacing equipment as it gets close to its end of life. Also obtaining equipment to deal with new and ever changing hazards.

The budget covers mandatory annual testing of fire pumps, self-contained breathing apparatus, ladders, and hoses. This year, a new line was created just for this purpose for easy of tracking.

Funding also covers the training and continuing education of all firefighters. Emergency services is an ever evolving world. It's important that your responders are kept up on the skills and information needed to face these challenges.

In this year's budget you'll see that there is a request for additional full time firefighters. This request is for an additional 2 positions. This would increase the full-time staffing from 2 per shift to 3 per shift (two 12 hour shifts, 6am to 6pm). This would bring us closer to the NFPA nationally recognized staffing levels, closer to the OSHA 29CFR 1910.134 standards, and reduce response times.

During the budget process for fiscal year 2022, the Fire Department requested funds have 3 per-diem firefighters on duty. This was to provide adequate coverage during the day where there was a lack of available call firefighters. 3 firefighters on duty allows for a quicker response to an emergency. Fire grows quicker with today's materials, making the time frame for survival in a fire shorter than in the past. As the OSHA regulations require minimum staffing prior to operating in certain dangerous environments, 3 on duty gets us closer to these requirements.

During a budget workshop, for fiscal budget 2022, Council decided to proceed with a single full-time position instead of the 3 per-diem slots. One councilor stating that this was the direction we needed to go.

Over the past few years the town has agreed to continue the funding and growing of this program for the safety of our community. This request would get us to the 3 firefighters per shift. The goal would be to have these positions as supervisors. Currently the full-time staff is not operating under any on site direct supervision. Firefighting is a highly dangerous activity and close supervision is needed to ensure personnel are operating in a safe manner.

Animal Control

The Lisbon Animal Control Department is committed to providing humane enforcement services to our community. Our services include responding to various animal-related calls, taking appropriate actions when necessary, transporting injured animals to local veterinary offices or shelters, conducting licensing enforcement and inspections, investigating cases of animal abuse, neglect, or cruelty, and handling calls related to nuisance cats or dogs. We also investigate aggressive animals, and rabies concerns, and address issues such as stray animals, animals running at large, excessive barking, and ensuring that animals have proper shelter, food, and water.

In addition to serving the town of Lisbon, our Animal Control Department extends its services to the neighboring communities of Sabattus, Durham, and Bowdoin through contractual agreements.

Staffing:

Our department is staffed by one full-time Animal Control Officer and one part-time officer to cover shifts during full-time unavailability. All unified court and district attorney requirements of the Animal Control Officer are overseen by the police department staff, and the Animal Control Officer is dispatched by the Lisbon Communications Center.

Budget Overview:

The budget allocated to the Animal Control Department covers personnel wages and benefits, the annual contract with the Coastal Humane Society animal shelter, uniforms, cell phone expenses, veterinary services, and the maintenance of equipment and vehicles. This year, we are replacing the Animal Control vehicle, a 2015 Ford F150, which has served us well but now has over 133,000 miles. The town of Lisbon has Animal Control service contracts with Sabattus, Bowdoin, and Durham, generating approximately \$43,479.61 in revenue for FY2025.

Capitol Improvement costs:

Last year we did not replace the ACO vehicle, when it was slated to be replaced due to budget cuts. This year we are in a position where this vehicle has over 138,000 miles and repairs are adding up. The current ACO vehicle is a 2015 Ford F150. The ACO truck serves 4 communities and we need to ensure the ACO has a reliable truck to respond to calls. The estimated costs to replace the F150 and the outdated equipment in the vehicle is approx. \$51,500 for the truck and \$27,400 for the replacement of the equipment and upfit costs.

Community Involvement:

We encourage the public to reach out if there are concerns regarding animal welfare and safety. Your support and commitment to the well-being of our furry friends are crucial, and we appreciate the strong community bonds that make our efforts effective. This coming year we will once again be looking into putting on a vaccination clinic with the Midcoast Humane Society here in our community.

I am pleased to present the annual statistical report on animal-related issues handled by the Animal Control Department in our community over the past year. In total, we addressed 660 calls for service, showcasing our commitment to ensuring the safety and well-being of both residents and animals.

Here is a breakdown of the various animal-related issues that were handled by our Animal Control Department:

Missing Animals: This category includes instances where pets or domestic animals were reported as missing. The department successfully assisted in locating and reuniting animals with their owners.

Cat Complaints: Concerns related to cats, such as strays, nuisances, or other issues, were addressed promptly to maintain a harmonious community environment.

Cruelty: Cases involving animal cruelty were investigated thoroughly, and appropriate actions were taken to ensure the welfare of the animals involved.

Dog Bites: Incidents of dog bites were handled with urgency, emphasizing public safety and responsible pet ownership.

Barking Dog: Reports of excessive dog barking were addressed to maintain a peaceful neighborhood and ensure the well-being of both pets and residents.

Dangerous Dog: Cases involving potentially dangerous dogs were carefully assessed, and necessary measures were taken to mitigate potential risks.

Loose Dog: Instances of dogs roaming without proper supervision were managed to prevent accidents and conflicts within the community.

Rabid / Suspected (8 cases): The department dealt with eight cases related to rabid or suspected animals, implementing measures to protect public health and safety.

Wildlife: Concerns regarding wildlife, including potential threats or nuisances, were addressed to maintain a balanced ecosystem and ensure community safety.

Assist Other Agency: Collaborations with other agencies were conducted to provide comprehensive support for various animal-related issues.

Animal Trespass: Incidents involving animals trespassing onto private property were handled to uphold property rights and prevent conflicts.

Communications Center

The Lisbon Communications Center operates 24/7/365, demonstrating a commitment to providing continuous response to citizen walk-in requests and offering communication services for all of Lisbon's public safety agencies, including Police, Fire, Animal Control, and the local EMS provider, Lisbon Emergency.

Extensive Communication Network:

The Communication Center goes beyond local communications by maintaining radio capabilities with key departments when needed, such as the Lisbon School Department and Public Works. Furthermore, it has established radio communication links with external agencies, including the Androscoggin County Sheriff's Department, Sagadahoc Sheriff's Departments, Androscoggin County Emergency Management Agency, Lewiston Police Department, Statewide frequencies, State Police, Topsham PD, United Ambulance, Durham Fire Dept., and numerous other agencies.

Dedicated Staff:

The Communications Center is staffed with a team of 4 full-time communications officers, with one serving in the vital role of a working "Communications Supervisor." Additionally, there are 6 part-time reserve communications officers. This dedicated team ensures the efficient operation of the Comm. Center around the clock. This past year in 2023 the Lisbon Communication Center handled 16,064 calls for service. This was the highest call volume in the past three years, with 14,799 calls in 2022 and in 2021 handled 12,807 calls.

Budget Overview:

The budget allocation is a testament to the department's focus on personnel, with 97.7% dedicated to wages and benefits. This highlights the priority placed on securing a skilled and committed team to manage emergency communications. The remaining 2.3% supports critical operational aspects, including uniforms, recruitment efforts, telephone services, supplies, and the repair and maintenance of equipment.

Conclusion:

The Lisbon Communications Department plays an indispensable role in our community's safety and well-being. The commitment of the Communications Center staff, coupled with the strategic communication network established, ensures that help is efficiently dispatched where and when it is needed most. We appreciate the dedication of our personnel who are highly familiar with our community and the high standard of emergency communication services they provide.

Public Works

The Lisbon Public Works Department serves nearly 10,000 residents who rely on the Town to deliver some of its most essential services. The department operates with a strategic vision aimed at ensuring the safety and convenience of its citizens, while striving for efficiency and cost effectiveness during each task or project.

In the past fiscal year, the Town allocated a significant portion of its budget - approximately \$435,000 out of \$475,000 - to repave Littlefield Road. This project showcased the Town's dedication to improving its roadways and infrastructure, while enhancing the charm of our growing community.

Looking ahead to the next fiscal year, the Public Works Department would like to focus efforts on a total reconstruction of Maple and High Streets where the roads will be resurfaced, new curbs and sidewalks will be installed and ADA detection will be added to cross streets. This initiative is in line with the department's road resurfacing program and reflects the town's proactive approach to urban development, prioritizing pedestrian safety and accessibility.

Central to the Public Works Department's mission is the maintenance and repair of the town's roads. Though a comprehensive program, the department addresses issues promptly, ensuring that residents and visitors can safely travel the roadways. Additionally, a culvert replacement program is in place, safeguarding against potential infrastructure hazards and prompting the longevity of vital drainage systems lessening the town wide impacts from ever-increasing natural hazard events.

During summer and fall, the Public Works Department implements a proactive approach to town upkeep. Through strategic trimming and maintenance, overgrowth along roadsides is controlled to maintain curb appeal and safety among the sidewalks. Public spaces are well manicured and maintained. During the winter months, staff work around the clock to combat icy conditions and to keep the roads safe for all motorists. As the season's transition and spring arrives, the Public Works Department shifts its focus to clearing away the remnants of winter. With sweeping operations spanning the entirety of Lisbon, roads are meticulously cleansed of debris.

The department intends to continue to upgrade equipment to be used by well trained staff whenever possible. By keeping operations in-house, such as employing a full-time mechanic to work on our own large equipment (plow trucks, fire trucks, etc.), the department not only maximizes efficiency but also delivers substantial cost savings to the townspeople.

With increasing equipment and repair costs, embracing a spirit of innovation and fiscal responsibility, the department plans to implement a phased leasing program for their fleet of vehicles. Additionally, leasing a new street sweeper, to work in tandem with their existing fleet, will double their sweeping capacity and efficiency. The cost

of leasing the sweeper rather than purchasing will prove to lessen the financial impact to residents, especially since maintenance is included in the lease limiting unexpected costs over the years. Another area to be explored this fiscal year is making the transfer station more revenue neutral.

The Public Works Department reaffirms its commitment to excellence, innovation, and above all, the well-being of the community it serves. We will make choices in the best interest to the tax-payers by evaluating each purchase or lease carefully to be sure we maximize the department's operational budget.

Library

Overview

The Lisbon Library provides essential services to many members of our community, far beyond the checking out of books and movies many normally think of when considering library services. We offer a comfortable space to sit and think, a place to chat with others, and a place to bring our children when we need a change of scenery. We offer programs and events that educate and entertain, that allow us to make connections with others in our community, and share the things that bring us joy and excitement.

In fiscal year 2023-2024, the Lisbon Library saw our total circulation numbers rise 25% from the previous year, and even surpassed pre-pandemic levels by 8%. Attendance at our more than 260 programs for children, teens and adults is on track to surpass 2,100 participants, a record for us in the post-pandemic period. We have continued existing programs like the annual Summer Reading program and LEGO Building nights, relaunched popular programs like our monthly Book Group and Home Delivery Program for senior citizens, and added new programs like our partnership with the Lisbon Artist Collective series of children's crafts, our informal "Crafternoon" meetings, and our "Shelf Help" recommendation service, providing a variety of options for our residents to enjoy. Despite adding shelving throughout the Library, we are essentially at capacity and are assessing creative ways we can continue to meet the needs of our patrons for access to materials.

Much of this growth in circulation is due to the increasing demand from families for children's books that support early literacy efforts, and these materials accounted for almost 60% of our total circulation during this fiscal year, when historically it has only been 35%-45% of total circulation. To meet this increased demand, we have expanded children's materials to include more graphic novels, science and nature Discovery Kits, and audio books, and we are in the process of updating the nonfiction section to ensure we are providing accurate and timely information to these patrons.

We've also seen a small but growing shift towards electronic content such as eBooks and downloadable audio books, as more patrons rely on their smart phones and other devices to access materials they would have checked out in physical form only a few short years ago. The Lisbon Library provides access to both the Maine State Library's "Cloudlibrary" app as well as our own "Boundless" app for these digital materials, and are slowly continuing to grow this part of our collection. Unfortunately, eBook licenses are much more expensive than the comparable physical books, so we cannot acquire them as quickly or as often as we might wish. The library is currently looking at how this may impact our budget over the long term, and ways that we might mitigate these increased costs over time.

Staffing

Currently, the Lisbon Library has five full-time staff: a Library Director, an Assistant Library Director, a Children's Librarian, a Patron Services Assistant, and a Cataloging/Technical Services Assistant. For the fiscal 2024-2025 budget, all five library positions would be adjusted to fit within the Town's new proposed Grade/Step matrix, keeping the positions aligned with similar roles across other departments. This adjustment accounts for the majority of the increase to the Library's overall budget, and has been partially offset by smaller cuts in select other budget lines. In addition, I am proposing small changes to two of these job titles and job

descriptions: Patron Services Assistant and Cataloging/Technical Services. This would bring them closer in line with their actual roles and responsibilities as they have been performed, reflect the special knowledge and expertise the roles require, and allow us to attract or retain highly skilled individuals for these essential roles.

The Patron Services Assistant is currently a Grade D position, and would be changed to a Grade E “Librarian – Circulation” position, reflecting the importance of having a dedicated staff member who is actively looking for ways to ensure the Library has the best materials available for as many people as possible, while also focused on retaining and replacing materials that are lost or damaged.

The Cataloging/Technical Services position is also currently a Grade D role, and would be changed to a Grade E “Cataloging Librarian” position. Having a knowledgeable and skilled cataloging librarian is essential to the functioning of the Library, as they are not only tasked with the physical processing of materials, but also with following standards at the state and consortium levels to ensure accurate and precise database records are developed and maintained to provide consistency with libraries across the state. Without these accurate records, it becomes extremely difficult for our patrons and staff to utilize the library efficiently, and limits the scope of services we can offer.

Conclusion

Looking forward, I am confident that the Lisbon Library will continue to source library materials at the lowest possible cost from a variety of vendors, and that we will partner with other town departments, nonprofits, and community groups to strengthen and grow the relationships within our community. A major goal for the Library is to look for ways to reach those members of the community that may not be aware of the wide range of services we offer, and anticipate future needs. I anticipate that our circulation and attendance will continue to rise, especially in the children’s room, and that we will need to adapt to new technologies, as physical media such as DVDs and CD audio books are phased out in favor of streaming or cloud-based data storage. With the budget outlined here, I believe we will be well-situated to offer high-quality library services on par with libraries in much larger towns in Maine.

Parks & Recreation

Department Overview/Mission:

The Lisbon Parks and Recreation Department is dedicated to providing exceptional service, recreational programs, and outdoor spaces that enrich the lives of our community residents. Our mission is to create safe, healthy environments that cater to the diverse needs of our participants and enhance their overall quality of life. We offer a wide range of programs and facilities, including year-round youth sports programming, Before and After School programming, Summer Day Camps, summer sports camps, fitness classes, self-defense classes, and senior recreational programming, including meals. We also offer a 24-7 Fitness Center facility and rental of community center spaces. We manage and maintain Parks, trails, cemeteries (three), as well as over sixty “green” spaces throughout Lisbon, Lisbon Center and Lisbon Falls. In addition we are honored to coordinate the world famous Moxie Festival. We have program fees to recapture expenses for our programming, and work to keep fees inline with market value while also being accessible to our families and community.

Staffing:

The Department is staffed by one full-time Director, one full time Assistant Director, one full time Maintenance Supervisor, one full-time office admin/programmer, one full time Senior Events Coordinator and one full time Parks Laborer. We have part-time positions for After School and Before School staff. Nearly 65 other staff are comprised of coaches, park maintenance workers; supervisors and summer day camps staff, and program coordinators. These part-time staff members are the first line of interaction with our customers, and are the role models and leaders who make our programs great. It is important to note that we have grown quickly and consistently

over the past several years and this growth does not seem to be slowing any time soon. With gratitude, we rely heavily on other town departments to be successful in our mission.

Goals & Achievements:

Our unwavering commitment revolves around the core values of "Children, Family, Community." Over the past year, we've made significant strides in enriching the lives of our residents. Notable achievements include the introduction of new swim, self-defense, yoga, and vacation camp programs, catering to diverse interests and needs within our community.

Furthermore, we are thrilled to report that our recent Moxie Festival was both a resounding anecdotal success and a fiscal triumph, marking it as the most successful on record. This achievement not only celebrates our community's spirit but also underscores our department's ability to organize and execute impactful events that bring joy to residents and visitors alike.

Additionally, we are immensely proud to share that our department received the prestigious "William V Haskell Distinguished Professional of the Year" award from the Maine Recreation and Parks Association.

As we move forward, we remain committed to upholding our mission of serving the needs of children, families, and the broader community, fostering a vibrant and inclusive environment for all to thrive.

Moving Forward:

As our community grows in 2025, we plan to add four additional seasonal staff to our summer recreation programs to support ever-increasing enrollment, as well as one part-time after school staff person.

We will enhance opportunities for recreation at Beaver Park by replacing the outdated playground with a new, safe, and accessible playground, as well as build bathrooms for staff, a new roof on the cabin, and replacement of an outdated parks vehicle.

We will continue to utilize our New Programs accounts to explore additional activities through the year that arise by community input. We also will continue to expand our Senior Programming to include greater outreach and volunteer-based opportunities for elderly in need of community support.

Sewer

Department Overview

The Sewer Department is responsible for the operation and maintenance of the wastewater treatment plant, twelve pumps stations, and approximately 35 miles of sewer mains. The treatment plant receives an average of 700,000 gallons of raw wastewater per day, treats it and then discharges it to the Androscoggin River. On average, the treatment plant generates 800 tons of dewatered sludge per calendar that is currently being disposed of in a landfill.

Mission

The primary goal of the Sewer Department is to protect our natural resources through the effective and efficient collection and treatment of the waste water discharged by the residential, industrial and commercial members of the Lisbon community that are connected to the sewer system.

Staffing

The Sewer Department comprises of the Superintendent, Sewer Billing Clerk/Administrative Assistant, Maintenance Supervisor, Lab Technician and two Operators.

Achievements

During FY24 the sewer replacement project on Main Street was the department's largest achievement. Minus raising the manholes as part of the paving portion of the overall project, the sewer replacement project is complete. A new portable generator was purchased to replace the current 45 year old generator. Based on the severity of the storms that have been occurring during this fiscal year, the decision was made to keep the old generator to assist with the power issues caused by these storms. Staff has remained busy constantly looking at ways to improve efficiency with how equipment breakdowns or failures are managed, by maintaining spare parts, tools and ensuring any other materials necessary to complete repairs and most tasks are on hand when needed.

Fiscal Year 2025 Goals

For FY25 the department will continue to evaluate our procedures and processes to make improvements where necessary. We will be starting the screw press project during the year, which will require some adjustment to our operations to facilitate this work. This will present challenges that will require more time using non-typical methods to reach the same goal, this should prove to be both interesting and a beneficial learning experience for our staff who will be experiencing these challenges for the first time.

The transition of the sewer billing process from TRIO into MUNIS is ongoing and once complete should simplify the process and allow the sewer-billing clerk to spend more time working on other tasks.

Economic Development

Department Overview & Mission

The department of Economic and Community Development (ECD) is responsible for the delivery of services that promote increased economic opportunities for the people and businesses of Lisbon.

The overall mission of the department is to promote economic development & community vitality in the Town of Lisbon through the attraction of new business and the retention of existing business. This will be accomplished by providing the resources that enable development and promote the Town of Lisbon as a place to Live-Work-Play-Eat-Shop.

Economic Development services focus on business start-up, retention, expansion and attraction projects that result in private sector investment and job creation. The ECD department offers financial & technical assistance through resources as well as a listing of available sites for expansion or developing.

The Town of Lisbon has its own Commercial Lending program through the Revolving Loan Program. The ECD department is responsible for maintaining the loan software program as well as all loan reporting.

This year we are adding a part time Community Development Specialist who will be funded by the Dingley TIF remaining funds for 5 years per council approval.

The ECD budget over the past eight years has been funded through a TIF (Tax Increment Financing District) and was extended by Council for an additional five years ending in FY23.

Memberships to various Economic & Community Development Organizations

Marketing

Professional Training

Office Supplies for the day-to-day operations of the department

This budget proposal is to fund 50% of this department through the balance in the TIF and another 50% on a tax impact.

24-25 SUBSIDY COMPARISON REPORT

24-25 Subsidy Comparison Report

Lisbon School Department

(All Subsidy figures for 24/25 are Preliminary!)

General Education Budget:

	<u>FUNDING 23/24**</u>	<u>FUNDING 24/25</u>	<u>Difference</u>
Budget Expenditures-Fund 100	\$ 19,863,319	\$ 20,709,001	\$845,682.00
Amount from Unassigned Fund Balance:			
Balance to help defray taxes	\$118,211	\$118,211	\$0
State Grant/MLTI	\$0	\$0	\$0
Regular Instruction Reserve Account	\$93,524	\$93,524	
Anticipated Revenue:			
Capital Reserve Fund-GPC	\$67,896	\$67,896	\$0
Interest Credit	\$0	\$0	\$0
ARF Funds	\$58,560	\$0	(\$58,560)
Special Purpose School	\$300,000	\$300,000	\$0
Total Revenue	\$638,191	\$579,631	(\$58,560)
Total Budget after Revenue	\$19,225,128	\$ 20,129,370	\$904,242
Local Only Debt Service	\$430,229	\$421,264	(\$8,965)
Total Budget after Revenue and Local Only Debt Service	\$18,794,899	\$ 19,708,106	\$913,207
100% EPS	\$16,106,619	\$16,519,388 *	\$412,769
Amount above 100% EPS	\$2,688,280	\$ 3,188,719	\$ 500,439
Transition Amount	\$0	\$0 *	\$0
Total Additional Local Funds	\$2,688,280	\$ 3,188,719	\$ 500,439
<u>State Subsidy:</u>			
State Contribution	\$11,605,054	\$11,821,138 *	\$216,084
Required Local Contribution	\$4,588,816	\$4,784,053 *	\$195,237
Local Only Debt Service	\$430,229	\$421,264	(\$8,965)
Local Additional Funds	\$2,688,280	\$ 3,188,719	\$500,439
Total Local Funding	\$7,707,325	\$8,394,036	\$686,711
	\$19,312,379	\$20,215,173	\$902,794

There is an increase in State Funding from 23/24 to 24/25 of \$216,084
There is a increase in Local Funding from 23/24 to 24/25 of \$686,711

* Amounts based on Legislative Budget Approval FY 24/25 ED279 as of January 31, 2024

** Amounts from Town Council Meeting dated _____

Adult Education:

Anticipated Revenue	\$3,500	\$3,500	#	\$0
State Contribution	\$7,735	\$9,268	***	\$1,533
Total Local Funding	\$17,423	\$15,885		(\$1,538)
Total Expenditures	\$28,658	\$28,653		(\$5)

There is an increase in State Funding from 23/24 to 24/25 of \$1,533
There is a decrease in Local Funding from 23/24 to 24/25 of (\$1,538)

Amount based on actual revenue received in 23-24

*** Amount based on actual subsidy received in 23-24

Total Increase to Taxes:	\$7,724,748	\$8,409,920	\$685,172
Total increase in Budget Including Adult Education:	\$19,891,977	\$20,737,654	\$845,677
