4. ADJOURNMENT

SUMMARY OF LISBON COUNCIL MEETING RULES

This summary is provided for guidance only. The complete council working rules may be found on the town website www.lisbonme.org on the Town Officials, Town Council page.

The meeting agenda is available from the town website under Council Agendas and Minutes.

1. Please note the order that agenda items may be acted upon by the Council, however, if necessary, the Council may elect to change the order of the agenda.
2. The Council Chairman presides over the meeting. When the Chairman is not present, the Vice Chairman serves that function. The chair shall preserve decorum and decide all questions of order and procedure subject to appeal to the town council.
3. Public comment is not typically allowed during Council workshops. There may be occasions where public comment may be recruited, but normally, workshops are reserved for Council members to discuss and educate themselves on a variety of issues facing the Town. Prior to the conclusion of a workshop, if time permits, the chair may allow questions from the public.
4. During audience participation, anyone wishing to address council will wait to be recognized by the chair before beginning any remarks. Audience members will move to the lectern to address council, and shall provide name and address prior to addressing the council.
5. Note that "Consent Agenda" items (if there are any) are acted upon first, voted upon as a group, and will most often be voted on without discussion as these items often involve "housekeeping" issues (such as minor parking changes). On occasion "Consent Agenda" items are separated out as stand-alone action items by the Council to allow for more discussion.
6. Public comment on agenda items. General comments on agenda items should be made during audience participation. After introduction of an agenda item, appropriate motions, and time for explanation and council questions, the public may be allowed to comment on that agenda item at the discretion of the chair. During that period of time, the public comment shall address only the agenda item before council.
7. Action on agenda items. As each item on the agenda for any meeting is brought to the floor for discussion:
 - a. The town clerk reads the agenda item and the action being requested of council.
 - b. The sponsor of each item or, if there is no council sponsor, the town manager, or town staff, shall first be allowed to present their initial comments for consideration by the public and councilors.
 - c. Following this introduction of the issue, there will be time devoted to any questions of the sponsor or the town manager or staff regarding the agenda item which any councilor may have which would help to clarify the question presented by the agenda item. The chair may allow questions from the public during this time however; no debate or discussion of collateral issues shall be permitted.
 - d. When authorized by the chair, any additional public comment shall be no longer than two minutes per person and must be to request or furnish new or undisclosed information or viewpoints only.
 - e. Once an agenda item has been explained and clarified by any questioning, the discussion on the specific agenda item will remain with the council. Additional public comment, prior to final council vote; will only be allowed at the chairman's discretion.
8. New business is for the council to receive input on town matters not on the agenda for that meeting. It is not intended, nor shall it be construed as an opportunity for debate of previous agenda items or reinforcement of a point made by another speaker. Comments shall be to furnish new or undisclosed information or viewpoints and limited to a time period of two minutes or less and shall be directed through the chair.
9. If an "Executive Session" is conducted by the Council, State Statute prohibits public attendance for any discussion of the action to be addressed by the Council. Any action taken by the Council on any "Executive Session" matter must be acted upon in a public meeting, and may occur at the end of the "Executive Session" (which has no time element relative to the length of the discussion involved in the "session").

Dear Councilors and Planning Board Committee:

Pursuant to Provision of the Town Charter, I hereby submit for your review the proposed FY 2020 Town of Lisbon Capital Improvement Program.

Article VI, Financial provisions, Section 6.08 of the Town Charter provide for the following:

Sec. 6.08. Capital Program.

(a) Submission to Council.

The Town Manager, School Committee and Board of Water Commissioners shall prepare and annually submit to the Council and Planning Board a five year capital program on or before the first day of May.

(b) Contents.

The capital program shall include:

- (1) A general summary of its contents;
- (2) A list of the capital improvements proposed to be undertaken during the next five years together with documentation of need. "Capital improvement" shall mean any construction project exceeding \$25,000 and any equipment purchase to be bonded or to be budgeted in more than one fiscal year.
- (3) Cost estimates, methods of financing, and recommended time schedules for each improvement; and
- (4) The estimated annual cost of operating and maintaining any new facilities.

(c) Planning Board Review.

The Planning Board shall review the proposed capital program each year to determine, where appropriate, that the capital expenditure is consistent with the provisions of the Town Comprehensive Plan and forward its recommendations to the Town Council no later than the first day of June.

(d) Council Action on Capital Program.

(1) Notice and Hearing.

The Town Council shall publish in one or more newspapers having general circulation in the Town a general summary of the capital program and a notice stating:

- i. The times and places where copies of the capital program will be available to the public; and
- ii. The time and place, not less than two weeks after the first date of publication, for a public hearing on the capital program.

(2) Adoption.

The Council by resolution shall annually adopt the capital program with or without amendment after the public hearing and on or before the first day of July.

(C.O. of 9-16-2008, § 2008-152H, Ref. of 11-4-2008; Ref. of 11-3-2015 ; Amendment of 11-8-2016)

****The above information may be revised and extended each year with regard to capital improvements still pending or in process of construction or acquisition.**

The above noted charter provision provide for reviewing, amending and adopting the capital program. It formalizes the process to a significant degree while acknowledging the fact that we are living in an era of competing and desirable objectives while recognizing limitations of scarce financial resources.

The Town of Lisbon's Capital Improvement Program is an important and necessary planning tool for the Town's consideration in financial and development issues. However, this is only a "planning tool". It is designed to aid in the planning for the funding of capital projects.

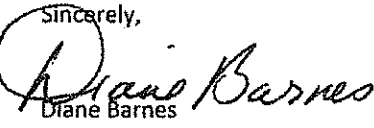

The Town of Lisbon's Capital Improvement Program has been modified from the above noted charter provision to provide additional information requested by Town Council. Additional information provided includes, but is not limited to, the following:

- (1) A list of the capital improvements proposed to be undertaken during the next ten years;
- (2) The estimated annual cost of operating and maintaining vehicles and equipment;
- (3) The current mileage and repair cost of vehicles.

The Town Council is the final authority on which projects are funded and which are not. I have attempted to limit the FY 2019 Plan to those projects which are required or are important to the continued revitalization of the Town.

I would like to express my appreciation to all those who have contributed to the CIP process, especially the Department Heads, the Finance Director, and those who helped prepare this report. I encourage you to review our CIP Document and should you have any questions or concerns, you can contact me at 207-353-3000 x 104 or email me at dbarnes@lisbonme.org

Sincerely,

Diane Barnes
Town Manager

Town of Lisbon

Capital Improvement Program Policy

Capital Improvement Program Policy

The purpose of this policy paper is to develop an understanding of the importance of capital improvement programming and to provide the Town with a framework for making the best use of scarce financial resources in highly uncertain times.

What is Capital Improvement Programming?

It is a multi-year scheduling of public physical improvements, based on studies of available fiscal resources and the need for specific improvements to be constructed in the future. Although a long term program does not commit the Town to a particular expenditure in a particular year, it provides an identifiable framework for informed decision-making.

How is the Capital Improvement Program Developed?

The CIP is updated annually (beginning in November) as part of the Town's regular budget process. After departments submit their CIP requests to the Town Manager in late November, they review and evaluate the proposed projects based on the Manager's and the Town Council's service desires, other town infrastructure needs, the financial capacity of the town, and the impact the projects will create on the Town's operating budget.

Once the projects are evaluated, the Manager recommends to the Planning Board and the Town Council the selection and timing of capital projects into future fiscal years. First-year projects are incorporated into the Town Manager's recommended annual operating budget. The Planning Board and Town Council are also presented the future, unappropriated, programming years for their consideration, review, and endorsement so staff can proceed with planning and evaluation of potential capital projects.

What is the importance of Capital Improvement Programming?

The Capital Improvement Program, as a timetable for accomplishing needed improvements on a scheduled basis, is one of the most important documents considered by the Town Council. It is important because it has a major impact on the allocation of fiscal resources, and it contributes to setting Town expenditures for many years to come. When the Program is adopted and fully utilized, it ensures that needed facilities are provided within the Town's financial capability. The Program's purposes are to:

1. Provide a complete picture of the Town's major development needs;
2. Establish fiscal priorities for and between various projects;
3. Schedule major projects so as to reduce fluctuations in the tax rate;
4. Balance the use of funding sources in the most beneficial manner;
5. Discourage piecemeal improvements and duplication of expenditures;
6. Coordinate the activities of various Town departments;
7. Assist in implementing recommendations of the Town's Comprehensive Program;
8. Inform the taxpayers of anticipated future improvements; and,
9. Arrange opportunities for the public to offer comments on the Program.

What is a Capital Improvement?

A common definition of a capital improvement includes new or expanded physical facilities that are relatively large, expensive and permanent. It is a major fiscal expenditure which is made infrequently or which is not-recurring and includes one or more of the following:

1. Acquisition of land;
2. Construction or expansion of a public facility, street, or utility;
3. Non-recurring rehabilitation of an asset provided the cost is more than \$25,000 and extends the useful life of the asset;
4. Design or Programming related to an individual project; or,
5. Any item or piece of equipment, that will be bonded or budgeted in more than one fiscal year.

Methods of Financing

Capital Improvement Program projects are funded from a variety of sources. These include: General Fund; Bonds or Leases; and Federal/State Grants.

General Fund - The most commonly used method of financing capital projects is through the use of the General Fund. The General Fund includes the money raised by the local property tax for a given year. When a project is funded with General Fund revenues, its entire cost is paid off within the year. The intent is to budget annually a certain amount from the General Fund to address Town priorities. If the Town has the financial capacity to pay for a project in a given year, the cost to the taxpayer will generally be less than if bonded because there are no interest payments to be made. However, it does have the effect of lumping expenditures into one year, thereby giving a peak tax loading.

General Obligation Bonds - Bonds are used to finance major municipal capital projects. These are issued for a period of time generally extending from ten to twenty years during which time principal and interest payments are made. They are secured by the raising of property taxes. The time payment has the advantage of allowing the costs to be amortized over the life of the project and of allowing taxpayers to pay a smaller amount of the project's cost at a time. However, they do commit the Town's resources over a long period of time and decrease the flexibility of how yearly revenues can be utilized. The Town's bonding capacity is a limited resource. All projects, which are to be bonded should meet minimum eligibility criteria and must have a life span at least equal to the bond life.

Grants - One source of grants is from other levels of government, for example, the Environmental Protection Agency, the Maine Department of Health and Human Services, U.S. Housing and Urban Development, Maine Department of Environmental Services, and the Department of Transportation. Generally, these Federal and State sources provide an outright grant or matching funds to go with locally raised funds. Deciding on which method of financing should be selected for a given project is dependent on a number of factors. These include the cost of the project, its useful life, the eligibility of the project to receive funds from other than local taxes, long-term and short-term financial obligations of the Town and a project's relative priority in terms of implementation. The Capital Improvement Program seeks to maximize the potential benefits from all revenue sources.

TOTAL PUBLIC WORKS, SOLID WASTE AND TREATMENT PLANT				\$270,000	\$345,000	\$195,000	\$115,000	\$ 90,000	\$270,000	\$200,000	\$ 90,000	\$550,000	\$ 60,000	

1. The truck at the Treatment Plant is used by Parks & Recreation because of the dump body insert. Parks & Recreation need to replace their pickup so the plan is to keep the plow at the Treatment Plant and sell the self truck to Parks & Recreation. The Treatment Plant would then purchase a newer used truck. Comparing the amount of year-round daily use by the Treatment Plant to the time the truck would be used by Parks & Recreation made this a cost effective solution for both departments.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

March 2019

Following is a list of items that the Lisbon School Department deems necessary for Capital Improvements for the next 5 years. "Capital Improvements" shall mean any construction project exceeding \$10,000, and any equipment purchase to be bonded or to be budgeted for more than one fiscal year.

Annual Budget Capital Improvements

2019-2024

Capital Reserve Fund

In November 2011, the School Committee created a Capital Reserve Fund with an initial deposit of \$39,676.00. Since then, the school committee has used that money for maintenance and minor remodeling with additional annual transfers from unanticipated revenue and the undesignated fund balance.

This fund is to be used for maintenance of plant and minor remodeling. It cannot be used for additions or new construction. As of November 26, 2018, the current balance is \$11,675.

Central Office/Gartley Street School:

Known Priorities

- Continue to maintain existing facilities and make repairs as needed;
- Upgrade the safe rooms;
- Repaving around the building;
- Continue to upgrade the kitchen to make it more self-sufficient;
- Install additional security cameras and recording equipment to monitor the Central Office; and,
- Monitoring the roof for leaks are areas that will be part of the five year plan.

Work Completed

- ✓ An analysis of alternative locations for the Central Office staff was conducted during the 2009-2010 school year. All indications support that the current location is the most cost effective option that we currently have.
- ✓ The asbestos was removed and the boiler was repaired in 2009.
- ✓ The Adult Education department moved to the Central Office location in June 2010.
- ✓ Security doors were installed in 2010.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- ✓ The Gartley Street Alternative Education Program was started at the Central Office during the 2010-2011 school year.
- ✓ The front siding was installed during the summer of 2013.
- ✓ A new boiler was installed in December of 2013
- ✓ Unitil installed the natural gas lines at no cost to the school department, summer 2014
- ✓ Through an approved referendum vote in November, 2014, capital improvements were made as a result of a Guaranteed Performance Contract with Siemens, fall 2015.
- ✓ During the summer of 2016, the back side of the building was resided, new ceiling tiles and lighting installed in the hallways, paint throughout, new classrooms, bathrooms, showers, fire alarm system (pull stations), and the kitchen was reopened for service for the new Gartley Street School which opened on August 31, 2016.
- ✓ In the fall of 2016, the kitchen was renovated to provide a satellite lunch program for students and staff at G.S.S.
- ✓ Through an approved referendum vote in November, 2017, capital improvements were made as a result of a Phase II Performance Contract with Siemens, fall 2018.
- ✓ Installed hot water tank to support kitchen usage (Phase II Plan), summer of 2018.
- ✓ Replaced exterior doors and windows (Phase II Plan), summer of 2018.
- ✓ Replaced univents, pneumatic controls and added a CO2 monitor for Gym (Phase II Plan), summer of 2018.
- ✓ Installed new playground for G.S.S., November 2018.
- ✓ Upgraded one "Safe Room" in February 2019

Lisbon Community School:

Known Priorities

- Continue to maintain existing facilities and make repairs as needed;
- Upgrade and maintain the playgrounds;
- Continue to replace classroom carpets with tile; and,
- Monitoring the roof shingles as a result of the significant wear they were showing since 2012 from inadequate ventilation are areas that will be part of the five year plan.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Work Completed

- ✓ A preliminary energy audit was completed during the 2009-2010 school year and it was determined that there would be energy savings through the re-engineering of piping for the domestic hot water boiler pumps. This work was completed during the summer of 2011.
- ✓ The L.C.S. roof was repaired in the fall of 2012 (Ridge Vent & Exhaust).
- ✓ The water softener equipment was installed during the fall of 2012. It is working well. The water has gone from 11 grams of hardness to 5 grams. We are working towards 0-1 grams.
- ✓ The main office was rearranged to make that space more efficient during the summer of 2014.
- ✓ Smart boards were installed in the majority of the classrooms to make improve instruction during the summer of 2014.
- ✓ Broken playground equipment was replaced in the summer of 2014.
- ✓ The traffic flow where students are dropped off by parents was changed to make it safer for students and staff in the summer of 2014.
- ✓ Every 10 years the stage curtains need to be treated with flame retardant. This was completed in the summer of 2014. The curtains are protected until 2024.
- ✓ Through an approved referendum vote in November, 2014, capital improvements were made as a result of a Guaranteed Performance Contract with Siemens, fall 2015.
- ✓ During the 2015-2016 school year, carpet was replaced with tile in two classrooms. The mixing valves in the Kindergarten Wing were replaced due to previous water hardness.
- ✓ In the Fall of 2017, The Lisbon School Committee utilized Capital Reserve Funds to upgrade and install additional security cameras and recording equipment to monitor the Lisbon Community School.
- ✓ During 2017 - 2018, the security camera system at LCS (36) was updated/replaced.
- ✓ Replaced carpet in two rooms with tiles, February of 2019
- ✓ Replaced kiln, March of 2019
- ✓ Upgraded phone system, March of 2019

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Philip W. Sugg Middle School:

Known Priorities

- Replacing all univents, pneumatic controls and installing a Heat Recovery Ventilator for Gym (Phase II Plan);
- Continue to maintain existing facilities and make repairs as needed.
- Repaving the entrance and parking lot;
- Continue to replace lunch tables;
- Update the electrical and tables in the music room;
- Renovate Locker Rooms;
- Renovate Bathrooms;
- Replace all ceiling tiles in the gym; and,
- Repair the roof as needed; are areas that will be part of the five year plan.

Work Completed

- ✓ The boiler was replaced during the summer of 2011 with two natural gas powered boilers and a domestic hot water heater powered by the new boilers.
- ✓ Vinyl siding around the top of the building was installed in 2011. Vinyl siding around the top of the gym was completed in 2012.
- ✓ Two windows were installed in the Music room during the summer of 2012.
- ✓ The storage trailer was removed during summer 2013.
- ✓ The trees were cut to improve ventilation in the 7th grade wing during 2013.
- ✓ The ceiling tiles were replaced in all the hallways and some of the office spaces during the summer of 2014.
- ✓ The area in back of the 6th grade wing was loamed and seeded during the summer of 2014.
- ✓ One of the drains on the gym roof was replaced during the summer of 2014.
- ✓ A new phone/internal communications system was installed through the use of E-Rate funding during the summer of 2014.
- ✓ Through an approved referendum vote in November, 2014, capital improvements were made as a result of a Guaranteed Performance Contract with Siemens, fall 2015.
- ✓ During the summer of 2016, a life skills room was built in the 8th grade wing.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- ✓ Replaced all water fountains in November 2016.
- ✓ During 2016 - 2017, the security camera system at PWS (28) was updated/replaced.
- ✓ Replaced three lunch tables in February of 2018.
- ✓ Installed new energy efficient lighting throughout the school (Phase II Plan), summer of 2018.

Lisbon High School:

Known Priorities

- Refurbish bathrooms (stalls, tile, sinks, ect.);
- Look at removing the large oak trees at main entrance;
- Develop plans for converting the “old” gymnasium into a Community Performing Arts Center;
- Repaving;
- Monitoring the roof for leaks;
- Develop plans to utilize the new gymnasium as an Emergency Shelter; and,
- The development of a Lifecycle/Preventative Maintenance Funding Plan to repair and ultimately refinish the gym floor will be part of the five year plan.

Work Completed

- ✓ The Lisbon School Department has completed Phase I of the approved renovations at LHS in 2009-2010. Phase I included new windows and siding for the north wing along with a new front entrance, the moving of the main office, and a new gym roof.
- ✓ The boiler was converted over to natural gas during the summer of 2011.
- ✓ Phase II, Part I was completed during the summer of 2012 which included the replacement of the domestic hot water system.
- ✓ A handicap accessible lift was installed in the fall 2012 to address the issues identified in the 2005 NEASC report.
- ✓ To be prepared for the conversion from steam to hot water, phase II part II, was completed. This included installing pump and pipes out into the 100 and 200 wing.
- ✓ In preparing for the new gym the 10,000 gallon oil tank that is no longer in use was emptied and crushed in place during the summer of 2014.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- ✓ Public Works replaced the sidewalk by the cafeteria that was damaged in the summer of 2014.
- ✓ The fire panel in the boiler room was replaced in the summer of 2014.
- ✓ The stage curtains were replaced in the fall 2014.
- ✓ A new phone/internal communications system was installed through the use of E-Rate funding during the summer of 2014.
- ✓ Construction of a new gymnasium was approved through referendum in June, 2015.
- ✓ The gym was finished and opened to the students in October, 2015. The Opening Ceremony was held on Sunday, November 1, 2015.
- ✓ Through an approved referendum vote in November, 2014, capital improvements were made as a result of a Guaranteed Performance Contract with Siemens, fall 2015.
- ✓ Replaced water fountains in the 100, 200, and 300 wings in April 2017.
- ✓ During 2017-2018, the security camera system at LHS (25) was updated/replaced.
- ✓ Replaced univents, pneumatic controls, roof exhaust fan and boiler (Phase II Plan), summer of 2018.
- ✓ Installed gas service into kitchen and replaced all equipment, summer of 2018.
- ✓ Hired Scott Simons Architects to perform a Feasibility Study to convert the “old” gymnasium into a Community Performing Arts Center.

Grounds (Practice/Playing Field):

The Lisbon School Department continues to invest time and money into their existing facilities. Our main goal is to improve and expand on playable areas. This will reduce the demand on any one field. This will also provide more opportunities to conduct multiple practices and games at the same time without causing interruptions to any other scheduled event.

Known Priorities

- Installation of security cameras and recording equipment to monitor practice/playing areas;
- Create access to the Lisbon Trail System;
- Repair structures and improve drainage/erosion issues at the baseball field;
- Resurface Football practice field;
- Replace football scoreboard;

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- Repairing existing fencing;
- Manage irrigation and monitor usage to improve the health and conditions of the Football and Soccer fields;
- Build an additional storage facility for track and related equipment; and,
- Installing the donated field lights will be part of the five year plan.

Work Completed

- ✓ The Lisbon School Department increased the budgeted amount for facilities to its original amount of \$30,000 for the 2010-2011 school year. In 2015-2016, this amount was reduced to \$21,000 as a result of \$600,000 in mandated cuts by the Town Council. In 2017-2018, the Lisbon School Committee increased the amount back to \$30,000.
- ✓ The softball field infield was redone in the summer of 2016. Proper materials and drainage were installed and the field was turned eight degrees.
- ✓ Softball dugouts were rebuilt in April 2017.
- ✓ Replaced scoreboards, with the exception of the football scoreboard, summer of 2018.
- ✓ Removed the hockey rink and created a practice field for youth sports, summer of 2018.

Track:

Known Priorities

- The development of a Lifecycle/Preventative Maintenance Funding Plan to repair and ultimately refinish and paint the track will be part of the five year plan.
- Repainting the lines on the track

Work Completed

- ✓ The track was completed and opened to the public on Saturday October 18th, 2014.

Football:

Work on the development of a new practice field adjacent to the existing field was completed in the fall 2014. This project will take pressure off the main field by allowing the L.H.S. teams to practice and other teams to play their games on the practice field.

Known Priorities

- Replacing grass surface
- Working on a plan to maintain the grass surface

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Work Completed

- ✓ Improvements in the drainage next to the track and in front of the Booster Shack were completed over the summer of 2011. Handicap accessibility and available parking was also a result of these improvements.
- ✓ During the summer of 2013, 2/3 of the additional parking was completed.

Practice Fields/Areas:

Known Priorities

- Discussions related to adding additional practice areas will be part of the five year plan.

Work Completed

- ✓ The work on the area behind P.W.S. was completed in 2011 and the field was ready for use in the fall of 2012.
- ✓ The practice area next to the track was completed in the fall, 2014.
- ✓ The gate at the entrance to the track and fields was replaced in 2014 to make that area more secure.

Soccer:

Known Priorities

- Organization and cleanup behind the soccer field will be part of the five year plan.

Work Completed

- ✓ The scoreboard was relocated during the summer of 2013
- ✓ New Scoreboard was installed in the summer of 2017

Baseball/Softball:

Known Priorities

- Loom and seed bank next to the Baseball field.
- Monitor infield and outfield surfaces on the Softball and Baseball field.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Work Completed

- ✓ The infield at the Softball field was refurbished in the Fall 2016.
- ✓ The infield at the Baseball field was refurbished in the summer of 2017
- ✓ Both fields were treated for grass/weeds and have been reseeded in the summer of 2017
- ✓ The Baseball/Field Hockey Scoreboard was replaced in the Fall of 2017.
- ✓ Refurbished the backstop at the softball field, summer of 2018.
- ✓ The Softball outfield was leveled and fertilized, summer of 2018.
- ✓ New Softball scoreboard installed, summer of 2018.

Field Hockey:

Work Completed

- ✓ The relocation of our current Field Hockey field was discussed, but a decision was made in 2011 to keep it located on the upper field.
- ✓ Reseeded and treated the field, summer of 2018. To be completed annually.

Equipment:

Known Priorities

- Continue replacing existing equipment as needed;
- Floor scrubbers at three schools need replacing with the Lisbon Community School taking priority; and,
- A cycle for replacing our existing equipment will be developed and monitored prior to the development of a new budget.

Equipment Purchased/Replaced

- ✓ A chemical free floor cleaner/stripper was purchased during the summer of 2011.
- ✓ A John Deere 3620 tractor and attachments was purchased in the fall of 2011.
- ✓ The zero-turn mower was replaced in the winter, 2014.
- ✓ A snow blower was purchased in the fall of 2015.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- ✓ A new carpet cleaner was purchased in the summer of 2016.
- ✓ The 1983 Yanmar Tractor was sold in the fall of 2016.

Vehicles:

The purchase of passenger vans has significantly decreased the transportation cost for conferences, athletics, field trips and other district related travel expenses. A replacement cycle was started in 2014-2015.

Known Priorities

- Continue replacing existing vehicles as needed and monitor the replacement cycle prior to the development of a new budget; and,
- Continue replacing old buses funded through a state reimbursed three year lease purchase agreement.

Vehicles Purchased/Replaced

- ✓ The 1998 red Jeep was replaced during the 2010-2011 school year.
- ✓ The 2003 Ford plow truck was replaced in the fall of 2014.
- ✓ A new bus was purchased in 2012-2013.
- ✓ There was an increase in general maintenance that was included in the 2011-2012 budget.
- ✓ The blue caravan was replaced in the fall of 2012.
- ✓ In 2012 two mini-vans were added to the fleet (1 white and 1 silver).
- ✓ The 2004 van was replaced in 2014.
- ✓ A Class D trip bus was purchased in August 2016.
- ✓ A Class A handicap accessible bus was purchased in September 2016.
- ✓ Replaced the 2007 Ford Focus with a 2013 Ford Focus in November 2016.
- ✓ A Class C school bus was purchased in March 2017.
- ✓ Replaced the 2007 Chevy Uplander with a 2015 Dodge Grand Caravan in May of 2018.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Maintenance Garage:

Work Completed

- ✓ The Maintenance Garage was replaced in the spring of 2012.

Storage (District Wide):

Over the last three years there has been an increasing need for general storage. Due to the addition of the Adult Ed. and Gartley Street Programs at Central Office, the majority of the district wide storage areas are no longer available.

Known Priorities

- Additional storage for track and related equipment needs to be built or purchased for the track area.

Work Complete

- ✓ A door was added to the LCS roof in 2010 to allow access to additional storage.
- ✓ The Maintenance Garage was replaced in 2012 and additional storage space was created upstairs. Options for accessing this space are currently being discussed.
- ✓ We were able to eliminate the old boxcar behind the Philip W. Sugg Middle School. We now use the upstairs of the new garage.
- ✓ A lift was purchased in the summer of 2016 to provide access to the space above the maintenance garage.
- ✓ A wrestling mat lift was installed in the L.H.S. gym storage area, spring of 2017.

Other:

Asphalt Driveways:

Known Priorities

- Repair the asphalt driveways at L.H.S. and P.W.S. or possibly move driveways in consideration of traffic circulation based on any design changes;
- Repair the driveway at G.S.S;
- Pave the lot by the tennis courts to create additional parking;
- Pave a drive down to the football field to control erosion; and,
- Develop a Lifecycle/Preventative Maintenance Funding Plan to require all district wide driveways will be part of the five year plan.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

Work Completed

- ✓ During the fall of 2015, a new sidewalk from 196 all the way to the Philip W. Sugg Middle School was installed through the use of the Capital Reserve funds.

Technology:

Over the next couple of years, technology improvements must be made across the Lisbon School Department. The Lisbon School Department will need to continue to invest in technology hardware, like tablets, laptops, smartboards, etc. These tools are heavily integrated into the daily teaching and learning and new computers will need to be added in an effort to replace the existing computers that are past obsolete and do not function well.

The technology Systems Director, LTC, and Superintendent will work together to identify the technology needs of the department and funding for these projects will be provided through the use of the system-wide technology, ERATE, and Title funds.

Known Priorities

- Monitor the wireless networks at each building;
- Purchase technology to strengthen existing resources (MLTI Program); and.
- Examine the continued growth of cloud computing including current and future technology trends will be part of the five year plan.

Technology Purchased/Replaced

- ✓ During the summer of 2015, the wireless network at the Lisbon Community School and Lisbon High School was replaced with a new updated network that can handle current and future needs.
- ✓ During the 2015-2016 school year, three carts of laptops were purchased for the Lisbon Community School.
- ✓ During the 2015-2016 school year, one cart of laptops was purchased for the 6th grade at the Philip W. Sugg Middle School.
- ✓ During the 2015-2016 school year, new lab computers were purchased for the Lisbon High School.
- ✓ During the 2016 - 2017 school year, three laptop carts were purchased for the sixth grade classrooms at PWS (bringing the total to four carts).
- ✓ During the 2016 - 2017 school year, 8 laptop storage carts were purchased to replace the existing wooden storage laptop carts in the 7th and 8th grade classrooms.

Lisbon School Department

5 Year Plan-Buildings, Grounds, Equipment, & Technology

- ✓ During the summer or 2017, 400 HP laptops were purchased via the MLTI laptop contract (200 were the laptops assigned to PWS and 200 from Oak Hill Middle School). Those laptops were refurbished and placed mainly in LHS and LCS for student use.
- ✓ During 2016 - 2017, the security camera system at PWS (28) was updated/replaced.
- ✓ During 2017 - 2018, the security camera system at LCS (36) and LHS (25) was updated/replaced.
